

MAIDSTONE

1785 DISTILLERY 2018

Retail Guide

Welcome,

We are reinstating the tradition of Maidstone pioneer and master distiller, George Bishop, who created quality and world-renowned spirits from our county town back in 1785. We are reclaiming our forgotten heritage to produce spirits of depth, meaning and character that we can all be proud of.

We are a small dedicated team, and all our products are lovingly made by hand in our town-centre, open production facility. Authentic, traditional craftsmanship is at the heart of our brand, and our Pride In Our Spirit is evident in each and every one of our bottles. Our spirits are inspired by and celebrate our heritage, our landscape and its people.

With Pride In Our Spirit Since 1785,

Sam and Darren
